

KGIS Maps - Introduction

This website is KGIS's latest web mapping solution. Unlike previous mapping solutions KGIS Maps gives the user a much faster mapping environment as well as a look at much more current data. It's browser compatibility has also been improved.

More information about this application can be found on the Help tab, including a short ["Getting Started with KGIS Maps"](#) tutorial video. We will continue to look for ways to improve and enhance the website, and we encourage your feed back and comments. Email us at kgis@kgis.org.

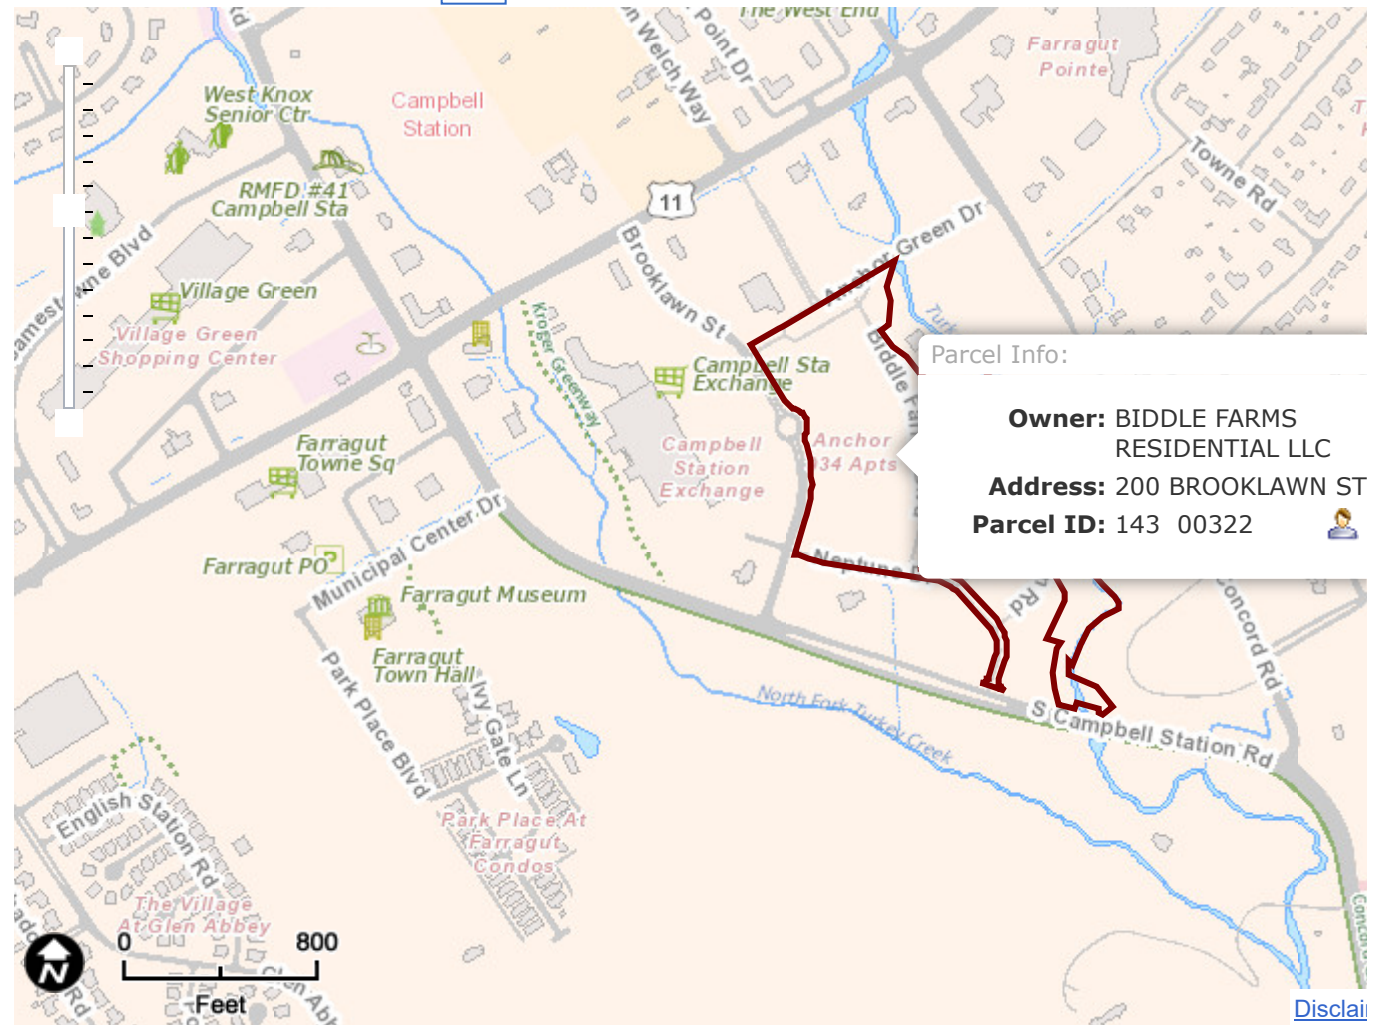

Information on this website is derived from various governmental departments within the [City of Knoxville](#), [Knox County](#) and the [Knoxville Utilities Board \(KUB\)](#), who together have created a centralized "geographic information system": [KGIS](#).
